

Application No. 09/776,355

REMARKS

Claims 36-41 which are directed to a tilter assembly for an electronic device have been canceled without disclaimer or prejudice. The subject matter of these claims has been presented in co-pending divisional Application No. 09/973,213, filed on October 9, 2001. The divisional application names Odd N. Oddsen, Jr. and Howard M. Williams, Jr. as the co-inventors of the subject matter set forth in the application. The divisional application was filed upon discovery that Mr. Williams was not named in this application which contained claims 36-41 of which he is a co-inventor. The claims remaining in the present application, i.e., claims 1-35, are directed to an adjustable extension arm which are the sole invention of Odd N. Oddsen, Jr. Accordingly, the cancellation of claims 36-41 from the present application overcomes the issue of pending claims to an unnamed co-inventor.

If there are any fees to be incurred in connection with this Preliminary Amendment, the Examiner is authorized to charge Deposit Account No. 12-1095.

Respectfully submitted,
